

Project Overview

As of April 29, 2013

Current conditions on Karl Road

Karl Road Improvements – State Route 161 to Schrock Road

Description and Benefits: The project will replace the existing pavement, curbs, curb ramps and sidewalks as well as install new street lighting. A left-turn lane will be added at Alpine Drive & Karl Road to better facilitate traffic flow and volume. Some traffic signal improvements will be made at the Karl & Schrock roads intersection. Water and storm sewer upgrades are included in the project.

Schedule:

Design
Right-of-way acquisition and utilities
Construction

Start

2006
Feb. 2012
May 2013

Completion

May 2010
Oct. 2012
